I love the interaction with the white board that allows both the tutor and student to input information. As long as both parties are responsible with it, this tool can be a very efficient. I also enjoy the different features that are offered in the side bar.	12th
This is my first time using this program, but I think it gets the job done and I now understand this more, but I do reccamend that somehow you make it easier to write equations down, that is the most difficult thing I believe on this site.	12th
THANK YOU FOR EVERYTING	12th
Great tutor! She was very patient and kind! Please keep this site going! :)	12th

My tutor helped me in a way my teacher never taught me it. Her way, the tutor, completely simple and made me it completely easy for me to understand. Glad I got the chance to use this and espieccally since it is my first time. Defiantly will be using this in the future or just even on tomorrows homework!	12th
